

Impartiality Policy

At Sustainable We Co., Ltd., we are committed to delivering trusted certification and verification services that align with global expertise and nationally recognized standards. As a Validation and Verification Body (VVB), we committed to providing impartiality services by:

Impartiality at SWE

1. We will not provide consultation services for our clients in connection with the same claim as our verification services.
2. We will not provide in-house training for our clients in connection with the same claim as our verification services.
3. Our verification services will remain fully impartial and will not be linked to consultancy-related marketing claims such as “easier,” “faster,” or “cheaper.” If any such link is identified, an investigation and a published report will be conducted in accordance with our impartiality control process.
